

Shower & Bath

Amber

Comfort, hygiene and safety for perfect patient and personal care.

Electric height adjustable wall shower stretcher

REF. 7753.00

The shower stretcher enables persons with a poor sitting balance to be ergonomically washed under running water. The shower stretcher is attractive, user-friendly, easy-to-maintain, has an extensive height range. The shower stretcher is safe for both the patient and the user. The wall-mounted unit is height adjustable and has a multi-functional design. By positioning this highly versatile shower stretcher to the correct height, transfers can be easily made from other aids such as beds, stretchers, shower seats and wheelchairs.
